

Freeddy, Djotsop Djioque, Born on July 20th, 1994, [Student](#)

I like to program and use software to impact the world around me by software design and product development.

From my work experience, although that is not IT related, I'm experienced with [Industry](#) and [customer requirements](#) and I carry out my tasks to maximum satisfaction.

This is my goal and drive in my professional life and personally.

[I would like to be part of your team and contribute to its emergence.](#)
